Why They Matter

House Mava rules Gherci, but ruling and having power are two different things.

The crown sits on their head, the army answers to their call, and the heirs serve as

generals or military figureheads by tradition. But the priests of The Teire hold much of Gherci's actual power. The Main Master of the Teire outranks even the king. House Mava governs a kingdom where the throne is always, by design, subordinate to the faith.
